

# The Synthesis of BioActive Molecules IV

Tuesday 1st July, 2008 10.00—16.00

Analytical & Biological Chemistry Research Facility, University College Cork

LG51, Cavanagh Pharmacy Building, College Road, Cork

## Programme:

**Dr JJ Keating, University College Cork**

Impurity profiling of amphetamine-type drugs of abuse

**Dr Paul Stevenson, Queen's University Belfast**

Synthesis of Amphibian Alkaloids.

**Dr Deirdre Hickey, GlaxoSmithKline, Harlow**

Diketopiperazines as Oxytocin Antagonists - from Lead to Candidate

**Dr Paul Taylor, University of Warwick**

Ultrarapid synthesis of surface-linked analogues of biologically active molecules for chemical genomics screens: uncovering protein targets of drugs and natural products

**Dr Dieter Schinzer, University of Magdeburg, Germany**

From a Natural Product Synthesis to a Powerful Antitumor Drug: The success-story of the Epothilones

RSC | Advancing the Chemical Sciences

Organised by the  
SCI Republic of Ireland  
Regional Group

where science meets business

A Joint RSC/ICI/SCI Initiative

To secure a place please return this form by Friday 20 June 2008 to:

Ms. Debbie Curran, ABCRF, Cavanagh Pharmacy Building, University College Cork E: [Debbie.curran@ucc.ie](mailto:Debbie.curran@ucc.ie), T: +353-21-4901694

**Please enclose a cheque made payable to: The Institute of Chemistry of Ireland**

Name: .....

Address: .....

Fees (including lunch)

(please circle one)

SCI Members: € 80

RSC Members: € 80

ICChemI Members: € 80

Non-members: € 120

Full time Student: € 10
